To Whom It May Concern,

It is with great pleasure that I write this letter of recommendation for The Doctors Center Health Services. DCHS has been an integral part of Ideal's wellness program by providing health screens to our employees. Their responsibilities have included immunizations, blood work, health risk assessments, ultrasounds and EKGs.

Ideal's annual health fair is centered around the health screens we offer. I cannot thank the DCHS staff enough for making sure our events go off without a hitch. The staff is very knowledgeable, courteous and helpful. All of the testing has been performed professionally and thoroughly and they are always willing to accommodate our multiple shifts.

The decision to partner with DCHS was the best decision we've made for our wellness program and we look forward to continuing a long-lasting relationship with them.
