To Whom It May Concern:

My name is Kevin Meiners, Wellness Director for Vought Aircraft Industries, Inc. I am an employee of Cooper Aerobic Enterprises. I am writing this letter of recommendation for The Doctors Center Health Services. The Doctors Center Health Services has run multiple screening events for me in the past year in multiple states. It was an extremely positive experience, and I have nothing but positive things to say about the ability levels of their teams.

From our account manager to the site lead, they are a very dynamic group that exemplifies professionalism and the ability to adapt as needs change. They were well organized and prepared to deliver very efficient health screening events for our locations. You can count on their responsiveness to your needs and requests.

I have used multiple vendors in the past and I can say with certainty that The Doctors Center Health Services is the best that I have used.
